the evolution.
OF OUR TECHNOLOGY.
OF OUR SERVICES.
AND NOW, OF OUR VISION.

After 106 proud years as your trusted telephone company, NTCNet's services have evolved to meet the needs of our ever-growing community. Updating our network and infrastructure with Fiber to the Home (FTTH), we are excited to embark on our second century of serving the Kuyahoorra Valley! NTCNet offers residential and business customers Phone, Internet and WiFi solutions. New products and services from the LOCAL company who has always served you! Together our roots run deep! The same dedicated staff of employees continue to help us grow and serve you. We look forward to our future and the growth opportunities this network will provide for our Community and NTCNet. Here's to many more years of providing service to the community that we call home and that has supported us for well over 100 years. NTCNet is still LOCAL, still community focused and still the most reliable communications service provider in the Kuyahoorra Valley and beyond.

New Products. New Vision. NTCNet.
Innovative Solutions Since 1913.

This deployment of broadband service is supported by a grant awarded to NTCNet by New York State through the New NY Broadband Program

fiber. why?

FIBER TECHNOLOGY IS THE FUTURE.

NTCNet is replacing the majority of its copper network with a state-of-the-art fiber optic network that will carry communication services using light waves instead of electricity. **Direct Fiber SPEED, powered by NTCNet**, known as Fiber-to-the-Home (FTTH), is the most advanced communication system available in the world today. **Direct Fiber SPEED** is incredibly efficient, allowing data to flow farther and faster than ever before.

YOUR DIRECT CONNECTION TO:

reliability

Withstands the elements.
No shared bandwidth.

fiber. where?

KUYAHOORA VALLEY AND BEYOND.

NTCNet has been awarded a grant associated with the New NY Broadband Program. The purpose of this program is to bring high speed internet service to underserved and unserved areas in NYS. The **NTCNet** grant project represents over \$11.6M of state grant money and **NTCNet** private investment. **NTCNet** will be constructing 280+ miles of fiber optic lines in portions of Herkimer, Hamilton & Oneida County, passing over 1900 premises through portions of the towns of Deerfield, Herkimer, Schuyler, Fairfield, Newport, Russia, Ohio, Norway and Morehouse.

For more information, or to see if your location is in one of our fiber service areas, please visit www.ntcnet.com or call 315. 845.8112.

***Notes on Residential Packages: Service not available in all areas. Additional features or services can be added upon request. The \$49.00 installation charge includes the installation of up to 300' of aerial fiber optic cable to your home and the set up of the services associated with the selected direct fiber package. Buried fiber options available. NTCNet provides our direct fiber phone customers with battery back-up at no charge. The battery back-up will provide up to eight hours of talk time for your telephone service only. The direct fiber package prices do not include applicable taxes, surcharges or fees. Customer agrees to the terms, conditions and acceptable use policies which can be found at www.ntcnet.com.**
